Mindy is a rising superstar in New York City who doesn't need a man. Billionaire Dalton Winter wants her anyway. When Dalton spots Mindy walking through Union Square, dressed to the nines and en route to the biggest meeting of her professional life, he chases after her in the only way he knows how — boldly, aggressively, and with no concerns except for what he wants. From their first encounter, Mindy hates Dalton — and what she hates most, is how much he intrigues her. Dalton is rude, crude, and disrespectful; everything that Mindy swore she would never tolerate in a man... and yet, she can't get Dalton off her mind. When Dalton decides that he wants Mindy now and forever, she faces the dilemma of a lifetime. Will she keep her resolve to be a proudly independent young woman, or will she give in to the seductive swagger of alpha male Dalton? Close the door and put your phone on vibrate — Broken by the Billionaire is going to take you on toe-curling wild ride!
