What is the Freedom Path about? On the cover it says 'clear your soul records' and that's exactly what it is. It has to do with clearing up your past lives. If you don't believe in past lives then look elsewhere because once you head down Detzler's path you'll find out a lot of things that might shock you.

Detzler talks about how through each life we journey through we create programs that can block us and because they become programs we repeat them in some fashion in later lives.
