In mere moments they will arrive. His neck is strapped to the altar. His hands and feet chained.

The villagers can only watch on in fear as the devils draw closer. Even if he wanted to scream for help, he couldn't. But his haunted fate has led him to this moment. He just doesn't know it.

These savage creatures have reduced the village to a blackened, broken shell. But a catalyst is coming. The Silent Harbinger will reveal all to the people of Avelline.
