When Andrew and Fiona decide to run away to escape her father's influence the stakes get higher and potentially fatal for both of them. As a member of The Order of The Wise Serpents, Fiona's father has connections and influence that extend across all levels and social strata of society. Intensely romantic and extremely suspenseful, *Simpatico* captures the struggle between defying the dictates of what others want for us and following the innate urgings of our own hearts and souls. This is a love story that takes no prisoners.
