This is a collection of four of my short stories published earlier in "Honor and Integrity" (The book was co-authored with Aimée Avery and June Williams and was unpublished in June 2013). Due to popular demand, I am releasing them again on my own. If you have purchased Honor and Integrity, you do not need to buy this book. What if Mr. Darcy's mother was still alive? What if Mr. Darcy was a Laird? What if Mr. Darcy travelled in time? What if Mr. Darcy was a Prince? This collection of what if short stories contains sexy, over-the-top "pick-me-up" stories across the historical, fantasy and modern genres. Warning: This title contains explicit adult content, witches, the Loch Ness Monster and well meaning mothers.
