Dumb-ASS Crooks is a collection of interesting articles and snippets, mostly hilarious, collected from many sources about criminals who truly need to consider seriously giving up their crooked ways because they are simply terrible at it. The bad guys, with their criminal minds and very often caught in the act by police and sometimes makes for funny stories. When I started the research for this book I knew I would find a few good stories but the truth of it is I am beginning to think there are very few crimes, committed by thieves and burglars that go correctly for the criminals. I will do my best to keep my distance from these people and I strongly suggest you do the same. Even though these are not true crime stories in the “thriller” category or unsolved mysteries – you will still have a giggle or two at their expense. Dumb-ASS Crooks is a collection of 350+ interesting articles and snippets, mostly hilarious, collected from many sources about criminals who truly need to consider seriously giving up their crooked ways because they are simply terrible at it. The bad guys, with their criminal minds and very often caught in the act by police and sometimes makes for funny stories.
