Story lives as a thief in the free city of Calushain, and has a plan to escape to better life. But when her stash of money is stolen by her brother, she finds herself faced with a death sentence from her crime lord boss. Desperate to pay off her debt, she searches for a score big enough to earn her freedom. Instead, she finds the orison, a magical artifact that could tip the balance of power between the city and the Empire seeking to conquer it. The power to change the world is now in the hands of a sneak thief — if it doesn't kill her first.
