[Feminism and Religion in the 21st Century: Technology, Dialogue, and Expanding Borders.epub](#)

This anthology of brand new essays will explore the new directions of conversations occurring in relation to feminism and religion, as well as the technological modes being utilized to continue dialogue, expand borders, and create new frontiers in feminism.

It is a cross generational project bringing together the voices of foremothers with those of the twenty-first century generation of feminist scholars to discuss the changing direction of feminism and religion, new methods of dialogue, and the benefits for society overall.
