The angelic realm perverted the Creator's Gospel message written in the stars but it was in Babylon that it became a formal religion. We are commanded to come out of this religion and not partake in her sins. Before we can cleanse our lives of these pagan traditions we must first know what rituals and gods defined the religion in Babylon. In this book we will look at Nimrod the founder of Babylon and how he became Ba'al the sun god. We will look at Semaramis, his wife, who became the fertility goddess Ishtar/Easter. We will examine closely the religion Semaramis created to maintain power after Nimrod's death. We will look at Semaramis' son Tammuz whom she claimed was given to her by the rays of the sun in virgin miraculous birth. Semaramis then married her son Tammuz claiming he was the incarnation of Nimrod. The Trinity was born. Nothing is too sacred or off limits in this book. Discover the origin of the rituals and religions of today. This book will rock your very foundation! This book is book two of The Original Revelation Series and builds on the first book Creation Cries Out!. The first book Creation Cries Out! explains how the angelic realm feel out of favor with The Creator for corrupting The Creator's message written in the heavens teaching humanity worship the planets namely the Sun. This book shows how that corrupted message of planet worship was formulated into a religion then passed on througout the ages in every culture and every civilization.
