A new anthology of freely offered treats from the notorious denizens of The Slash Pile. Author/Artist T. Spoon, that guy with the multiple personalities and dashing good looks, is pleased to bring you Presents, a collection of short stories and art with a cold, frosty twist. Whether you're looking for a new take on The Nutcracker, a story about the monster that lives in your toilet (better than it sounds, we promise), or a bit of wintery romance (the snark is optional), you'll get all of that and more between these pages. In all seriousness, T. Spoon is made up of many talented authors and artists, and this anthology would not have been possible without them. So a great big thank you to Aeiouna, Ais, Ania, Cattails, Dusty_Dreams, G, ManicDak, Parker, Rae, San, and Z. Special thanks to Ania, G, Potatoe and Parker. Ania, G and Potatoe for whipping the incoherency out of the stories, and pruning away em dashes and semi-colons like a boss. And Parker for both her incredible patience (deadlines are more like suggestions to authors), and all the work she put into formatting this monstrosity.
