Tellos, created by Todd Dezago and Mike Wieringo, is a patchwork world made up of magic and different realms. Todd carries on the great stories with this graphic novel/collection. In Maiden Voyage, Didier Crisse Crispeels art is stark and detailed as we see how young Serra avoided an arranged marriage and met up with the crew of the Sheva-Nova. In Clothes Call Thor Badendyck makes a spectacular return to Tellos art with a prequel tale of the humanoid-tiger Koj and his youthful friend, Jerek, shortly before their first adventure in Jeffsport as they meet up with those deadly thieves of the forest, faeries! Finally, Last Wishes is set with a few illustrations by Mike Wieringo and tells of Serra and her fox-friend Rikks day when they sat looking back over their lives and adventures over a few flagons of mead.
