Geof Darrow's slick, precise inks and stunning detail have amazed comics fans for decades, from his early work with Moebius; to *Hardboiled*, his first collaboration with Frank Miller; to the overwhelming excess of his current series, *Shaolin Cowboy*. Now Darrow provides incredible insight into his process by sharing the pencil drawings behind his meticulous inks in a huge hardcover collection. Featuring the pencils behind well-known covers and never-before-seen drawings alike, *Lead Poisoning* is a behind-the-scenes look that reveals perfectionism at its best, showing how clean and perfect the initial drawings can be, as well as the bizarre alterations that appear to happen on the fly.
