Follow Tim, a writer looking for inspiration, as he stumbles upon the strangest place in town, a place with no name, which he calls The Restaurant. In there he finally finds the inspiration he was looking for, or so he thought.

The Restaurant attracts him like a magnet, he invites his friends, but they are never let in, it's only open for him. In the end, he must find the answer to the question "What is this place and what happened to my past?".

This is the journey of Tim.
