Sometimes, being perfect is a flaw. The Perfect Kingdom is perfect in every way. It has perfect knights, perfect wizards, perfect cooks, and perfect princesses. It also has a perfect enemy: the dragon. When being perfect isn't enough to save the kingdom, will the only people in all the kingdom who aren't perfect be able to save the day? This fully illustrated fairy tale includes a small knight, a chaotic wizard, a cook who burns every recipe, and a princess who has her own ideas about beauty. Each must battle the dragon in their own way and save the princesses. Written at a fourth grade reading level, this picture book is appropriate for all ages. Young and old will enjoy the beautiful illustrations and the fantastic story with the message to celebrate that which makes us unique, not perfect.
